Avlite to Exhibit at IESALC Annual Conference in Monterey, California on October 23, 2019

Tilton, New Hampshire USA – October 3, 2019 – Avlite Systems, a global leader in the design and manufacture of complete aviation lighting solutions, will exhibit at the Illuminating Engineering Society Aviation Lighting Committee's (IESALC) Annual Conference, from October 20 - 24, 2019. The annual event is being held in Monterey, California at the Hyatt Regency Monterey, and will include a Day Show on Wednesday, October 23, 2019.

The IESALC Annual Conference is North America's largest gathering of dedicated airport lighting professionals, including FAA officials, state aviation officials, consulting engineers, airport maintenance specialists and airfield lighting equipment manufacturers.

According to **Jason Larrere, Sealite USA Sales Manager**, "Avlite always looks forward to meeting the highly qualified group of airfield lighting professionals at the IESALC Conference, where we can highlight the many advantages of Avlite's LED Airfield Lighting products."

Avlite will display the ultra compact and portable LED Precision Approach Path Indicator (PAPI) and the versatile FAA AV-426 Solar LED Runway/Threshold/Edge Light. Also on display will be the only FAA certified solar LED taxiway light, the AV-70 L-863, and Avlite's Runway Alignment Indicator Lights (REILs) and Medium Intensity Approach Lighting System with Runway Alignment Indicator Lights (MALSR).
